PART A

GENERAL INFORMATION ABOUT VO FUND – Small Initiatives Support Scheme

1. Introduction

The Voluntary Organisations Fund, administered by the Malta Council for the Voluntary Sector, was established as a foundation under Article 37(1) of the Voluntary Organisations Act, (Chapter 492 of the Laws of Malta). It shall be referred to herein as the “foundation”.

The foundation is governed by the provisions of the Second Schedule to the Civil Code and the registration with the Commissioner of Voluntary Organisations in accordance with Article 37(4) of the Voluntary Organisations Act (“VOA”).

The foundation was enrolled with the Commissioner of Voluntary Organisations, presently bearing VO number 0001 on the 1st of September 2009 and has to enrol as a foundation in the Register for Legal Persons contemplated under the Second Schedule of the Civil Code.

The foundation has been established by law to assist and support enrolled voluntary organisations through education, management support and financial grants in terms of Article 37(3) of the VOA.

This call for proposals is being issued by the Voluntary Organisations Fund under the Small Initiatives Support hereinafter referred to as ‘Small Initiatives Support Scheme’ or ‘SIS’. The Guide for the Small Initiatives Support Scheme (2012) are also published on the Malta Council for the Voluntary Sector website (www.maltacvs.com). The Guide constitutes an integral part of the call for proposals.

1.1 Objectives

The general objectives establishing the Small Initiatives Support Scheme are the following:

- a) To stimulate co-operation and networking between voluntary organisations;

- b) providing a consultative forum that can effectively address issues related to the Voluntary Sector;
- c) provide a platform from which to develop co-operation between voluntary organisations and the Government;
- d) to promote and encourage a culture of volunteering and the participation in volunteer activities among people, especially children and youths, as an aspect of personal and social development; and
- e) to foster co-operation in the volunteer sector with local and international bodies, entities or other persons for the encouragement and promotion of the development of volunteering programmes, initiatives and activities;
- f) to encourage, in furtherance of the principle of subsidiarity, non-governmental bodies and private entities or persons and local councils to contribute to the promotion of volunteering in Malta.

1.2 Priorities

In addition to the abovementioned general priorities, annual priorities may be fixed for the Small Initiatives Support Scheme.

For 2014, the annual priorities are the following:

- Volunteering

This priority is intended to encourage projects aimed at raising awareness of the value and importance of volunteering as a form of active engagement and as a tool to develop or improve competences for personal, social and professional development.

- Training and Capacity Building

This priority is intended to encourage organisations to invest in training and capacity building, both of the members, volunteers and administrators focusing on strengthening the capability of VOs as part of the process of building the potential of voluntary organisations to respond to the needs of the community they serve. It is an approach to development that aims to instil commitment and improve management and technical skills through training (increasing knowledge), changed operating procedures and/or restructuring within an organisation, thereby making it more effective and sustainable. Voluntary organisations tend to be very adaptable and can grow and change very quickly so it's important to ensure that there is enough support for the changes within the organisation.

8. How to develop a good project?

The 'Award criteria' table on page 7/8 lists the criteria against which the quality of a project will be assessed.

Here is some advice which may help you to develop a good project.

8.1 Quality of project design

a) Quality of the preparation phase

The preparation phase is of crucial importance for the success of a project. During this phase, the organisation should choose and commonly agree a theme relevant to the organisation itself and to the community. They should look at creating a well-structured programme of the Activity and a timetable, their working methods and the benefits of their project for the local community.

b) Quality of the activity programme

The Activity programme should be clearly defined, realistic, balanced and linked to the objectives of the project.

c) Quality of project content and methodology

- **Theme of the project**

The project should have a clearly identified thematic and should reflect the interests and needs of participants. Some examples of potential project themes are art and culture, social exclusion, environment, heritage protection, youth information, European awareness, rural/urban development, health in the community, anti-racism/xenophobia, disability, support for the elderly, homelessness, migrants, equal opportunities, peer education, unemployment, sports, leisure, media and communications, etc. The theme has to be translated into the concrete activities.

- **Innovative creativity and entrepreneurship**

Within the context of a Initiative the accent is put on promotion of innovative elements in the project. The project should aim at introducing, implementing and promoting innovative approaches. These innovative aspects may be related to the content and objectives of the activity, the involvement of promoters from different backgrounds, creative and unexplored way of solving problems related to the community, experimentation with new methodologies and project formats or dissemination of the project results.

- **Active involvement of participants in the project**

The activity programme and working methods should aim to involve the members of the organisation and other people possibly identified as target of the activity as much as possible. Participants also should be actively involved in the preparation and evaluation phases of the project.

d) Quality of project reach

- **Impact, multiplier effect and follow-up**

The impact of a Initiative should not be limited to the participants in the activity. Promoters should try, as much as possible, to involve other people (from the neighbourhood, local area, etc.) in the Activity.

- **Visibility of the project/ visibility of Small Initiatives Support Scheme**

Promoters should reflect together on measures aimed at enhancing the visibility of their project and the visibility of the Small Initiatives Support Scheme in general. The creativity of promoters offers additional potential for spreading information about the planned Activity, as well as about the opportunities offered by the Small Initiatives Support Scheme. Visibility measures mainly occur before and during the implementation of the Initiative. Such measures can be divided into two broad categories:

- **Visibility of the project**

Promoters and participants should 'publicise' the project - as well as its aims and objectives. In order to raise awareness of the project they could for example develop information material; do a mail shot or SMS mailing; prepare posters, stickers, promotional items (t-shirts, caps, pens, etc.); invite journalists to observe; issue 'press releases' or write articles for local papers, websites or newsletters; social network such as a Facebook page; create an e-group, a web space, a photo-gallery or blog on the Internet, etc.

- **Visibility of the Small Initiatives Support Scheme**

As well as the compulsory use of the official logo of the Small Initiatives Support Scheme each project should also act as 'multiplier' of the Small Initiatives Support Scheme in order to increase awareness about the opportunities offered by the Malta Council for the Voluntary Sector through the Scheme.

PART C - INFORMATION FOR APPLICANTS

All promoters who intend to submit a project in order to be considered for financial support from the Malta Council for the Voluntary Sector under the Voluntary Organisations Fund – Small Initiatives Support Scheme are invited to read carefully this section.

9. What do you have to do in order to submit a Small Initiatives Support Scheme project?

To submit a Small Initiatives Support Scheme project you must follow the three steps described below:

- check that your project complies to the Scheme criteria
- check that your project meets the financial conditions
- fill in and submit your application together with the required documentation to the VO Fund

9.1 Check compliance with the Scheme criteria

As promoter and potential applicant, you must verify that your project meets the following criteria: eligibility, exclusion, selection and award.

a) Eligibility criteria

The eligibility criteria mainly relate to the project type, the target group and the conditions for submitting a grant request for such a project. If your project does not meet these criteria, it will be rejected without being further evaluated. To be eligible, your project must meet all the eligibility criteria. For details of the eligibility criteria please consult Part B of this Guide.

b) Exclusion criteria

Applicants will be excluded from participating in the Small Initiatives Support Scheme if they are in any of the following situations:

- they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- they have been convicted of an offence concerning their professional conduct by a judgment which has the force of *res judicata*;
- they have been guilty of grave professional misconduct proven by any means which the contracting authority can justify;
- they have not fulfilled obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established or with those of the country of the contracting authority;

- they have been the subject of a judgment which has the force of *res judicata* for fraud, corruption, involvement in a criminal organisation or any other illegal activity detrimental to the VO Fund's financial interests;
- following another procurement procedure or grant award procedure financed by the VO Fund or any other Government Agency, they have been declared to be in serious breach of contract for failure to comply with their contractual obligations.

Applicants will not be granted financial assistance if, on the date of the grant award procedure, they:

- are subject to a conflict of interests
- are guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in the grant award procedure, or fail to supply this information.

These exclusion criteria apply to Small Initiatives Support Scheme. To comply with these provisions, applicants must sign a 'declaration on honour' certifying that they are not in any of the situations mentioned above. This 'declaration on honour' constitutes a specific section of the application form.

c) Selection criteria

The selection criteria enable the VO Fund Board to assess the applicant's financial and operational capacity to complete the proposed project.

d) Financial capacity means the applicant has stable and sufficient sources of funding to maintain its activity throughout the project.

The applicant must submit with the application:

- a copy of the financial statements for the last financial year for which accounts have been closed as presented to the Commissioner for Voluntary Organisations

If, on the basis of these documents, the VO Fund Board concludes that the required financial documentation has not been provided or is not satisfactory, then they may:

- ask for further information
- reject the application.

e) Operational capacity means the applicant must show that it has the necessary competencies and motivation to carry out the proposed project. This constitutes a specific section of the application form.

f) Award criteria

The award criteria are indicators that allow the VO Fund Board to evaluate the quality of projects submitted for grants. On the basis of these criteria, grants will be awarded to those projects which maximise the overall effectiveness of the Small Initiatives Support Scheme.

The award criteria indicated in Part B of these Guidelines describe exactly which elements will be taken into consideration in order to assess the quality of your project.

9.2 Check the financial conditions

a) Types of grant

The grant under the Small Initiatives Support Scheme is of a lump sum (fixed amounts) approach. 70% of the contracted grant will be given to the promoter on signing of the agreement and the balance of 30% will be given to the promoter on closure of the project, including evaluation of the final report, and confirmation of receipts of declared expenditure and other relevant documentation.

b) Co-financing

Co-financing implies that the Small Initiatives Support Scheme grant may not finance the entire costs of the project if the project is greater than the maximum possible fund allocation by the Scheme and the applicant may complement the grant with own financial contribution and/or private assistance.

Contributions in kind are considered an eligible source of co-financing. The value calculated for such contributions must not exceed:

- the costs actually borne and duly supported by accounting documents of the third parties who made these contributions to the beneficiary free of charge but bear the corresponding costs
- the costs generally accepted on the market in question for the type of contribution concerned when no costs are borne.

c) No double-financing

A project supported under the Small Initiatives Support Scheme may not be in receipt of any other Government or European Union funding.

To avoid the risk of double-financing, the applicant must indicate in the relevant section of the application form, the sources and the amounts of any other funding received or applied for in the same financial year.

9.3 Fill in and submit the application form

Once a promoter assumes the role of coordinator and submits to the VO Fund Board a single application for the whole project on behalf of all the promoters. If the application is positively assessed and selected, the applicant will be the beneficiary of a single grant agreement proposed by the Small Initiatives Support Scheme for the funding of the project.

a) Application procedure

The eligibility criteria to be met regarding the procedure to be followed for the submission of a project are described in Part B of this Guide. Furthermore, the applicants must respect the provisions described below.

An application will be accepted only if it:

1. is submitted on the correct form, completed in full and dated;
2. shows a budget in conformity with these Guidelines;
3. is delivered by the deadline.

Please note that no more than one project can be submitted by the same applicant organisation.

b) Use the official application form

Applications must be:

- only be filled on line in www.maltacvs.org/sisscheme

c) Provide proof of your legal status

The **successful** applicants must be in enrolment with the Commissioner for Voluntary Organisations and in line with any obligations with the same Commissioner.

d) Estimated budget

Applications must include a detailed estimated budget (included in the application form) in which all prices are given in euro.

No changes can be made after the application has been submitted. However, the VO Fund Board may give the applicant the opportunity to rectify formal and manifest errors in the application within a reasonable deadline. In these circumstances, the VO Fund Board must contact the applicant in writing.

10. What happens once the application is submitted?

All applications received by the VO Fund Board will undergo a selection procedure.

10.1 The selection procedure

The selection of applications is as follows:

1. they are checked against the eligibility criteria, the selection criteria and the exclusion criteria;

2. those applications which have successfully passed these checks are assessed and ranked according to the award criteria.

10.2 Decision

Once the evaluation, including the verification of financial conditions, is completed, the VO Fund Board decides on the projects to be granted funding, based on the VO Fund Selection Committee's proposal and the budget available. The Board decision is final.

10.3 Notification of award decisions

Applicants should, in principle, be notified of the outcome of the selection procedure during the first month after the application deadline.

All successful and unsuccessful applicants will be informed in writing. After completion of the selection procedure, the application files and accompanying material will not be sent back to the applicant, independently of the outcome of the procedure.

11. What happens if your application is approved?

11.1 Grant agreement

In the event of definitive approval by the VO Fund Board, a grant agreement, drawn up in euros and detailing the conditions and funding, VO Fund Board and the beneficiary. The grant decision is a unilateral act awarding a subsidy to a beneficiary.

For projects selected by the VO Fund Board, it is intended that beneficiaries should receive the agreements for signature by the 31st March 2015. This agreement must be signed and returned to the VO Fund Board. The VO Fund Board will be the last party to sign.

11.2 Grant amount

Acceptance of an application does not constitute an undertaking to award funding equal to the amount requested by the applicant (this funding could be reduced).

The awarding of a grant does not establish an entitlement for subsequent years.

It should be noted that the grant amount foreseen by the agreement is to be considered as a maximum which cannot be increased in any circumstances.

Furthermore, the amount allocated may not exceed the amount requested.

11.3 Eligible costs

In order to be eligible under this Scheme, costs must:

- be necessary for the implementation of the project,

- be included in the provisional budget attached to the agreement,
- be consistent with the principles of sound financial management, in particular in terms of value for money and cost-effectiveness,
- be incurred during the lifetime of the project as defined in the agreement
- actually be incurred by the beneficiary,
- be recorded in the beneficiary's accounts in accordance with applicable accounting principles,
- be declared in accordance with the requirements of the applicable tax and social security legislation,
- be identifiable and verifiable, and be backed up by original supporting documents.

11.3.1 Eligible direct costs

Eligible direct costs are those costs which, with due regard for the conditions of eligibility set out above, are identifiable as specific costs directly linked to the performance of the project and which can therefore be booked to it directly.

Staff costs are eligible but are limited to a maximum of 15% of the allocated total direct cost.

Hospitality (catering) costs are eligible but are limited to a maximum of 10% of the allocated total direct cost.

11.3.2 Eligible indirect costs (administrative costs)

A flat rate amount not exceeding 5% of the eligible direct costs of the project, is eligible under indirect costs, representing the beneficiary's general administrative costs which can be regarded as chargeable to the project such as postage, photocopying etc. Indirect costs may not include costs already entered under another budget heading.

11.4 Payment procedures

a) Procedure with one pre-financing installment

The projects supported under the Small Initiative Support Scheme will be subject to a payment procedure consisting of one pre-financing payment and a final payment/recovery of the balance due, as described below:

b) Pre-financing payment

A pre-financing payment of 70% will be transferred to the beneficiary within 30 days of the date when the last of the two parties signs the agreement. Pre-financing is intended to provide the beneficiary with a float.

c) Payment or recovery of the balance

1. The amount of the final payment to be made to the beneficiary will be established on the basis of a final report to be submitted within one month following the end date of the project.

2. The beneficiary must provide documents giving evidence that the activities organised with the support of the Scheme funding effectively took place.
3. If the eligible costs actually incurred by the beneficiary during the project are lower than those anticipated, the beneficiary will be required to repay any excess amounts already transferred under the pre-financing payments.

12. Other main contractual provisions

12.1 Non retroactivity

1. No grant may be awarded retrospectively for projects already completed.
2. A grant may be awarded for a project which has already begun only where the applicant can demonstrate the need to start the project before the agreement has been signed. In such cases, expenditure eligible for financing may not have been incurred prior to the date of submission of the application.

Starting the project before signing the grant agreement is done at the risk of the beneficiary and does not make it more likely a grant will be awarded.

12.2 Sub-contracting and award of procurement contract

In those cases where the implementation of the project requires sub-contracting or the award of procurement contracts, beneficiaries of grants shall award the contract to the tender offering best value for money, that is to say, to the tender offering the best price-quality ratio, while taking care to avoid any conflict of interest.

12.3 Information on the grants awarded

Grants awarded in the course of a financial year must be published on the website of the MCVS during the first half of the year following the closure of the financial year for which they were awarded. The information may also be published in any other appropriate medium, including the Official Newsletter of MCVS. The VO Fund Board will publish the following information:

- name and address of the beneficiary,
- purpose of the grant,
- amount awarded and rate of funding.

12.4 Publicity

Apart from the measures foreseen for the visibility of the project and for the dissemination and exploitation of its results (which are award criteria), there is an

obligation of minimal publicity for each granted project. Beneficiaries must clearly acknowledge the Malta Council for the Voluntary Sector and the VO Fund support in all communications or publications, in whatever form or whatever medium, including the Internet, or on the occasion of activities for which the grant is used.

This must be done according to the following instructions:

Use of the Malta Council for the Voluntary Sector logo (as shown in the image below) accompanied by the sentence: *'This project has been funded with support from the VO Fund within the Malta Council for the Voluntary Sector'*. The font *Arial* must be used when quoting this sentence.

If these provisions are not fully complied with, the beneficiary's grant may be reduced.

Official logo of the Malta Council for the Voluntary Sector (compulsory)

12.5 Audits and monitoring

A granted project may be subject to a monitoring visit. The beneficiary will undertake, with the signature of its legal representative, to provide proof that the grant has been used correctly. The VO Fund Board may itself check or appoint an authorised delegate to audit the use made of the grant at any time during the term of the agreement. Such audits may be carried out up to 24 months from the date of the signing of the Grant Agreement. Consequently all documentation appertaining to this project including original fiscal invoices and receipts should be retained for audit purposes.

12.6 Recovery of Funds

The audit conclusions may necessitate that the Grant Award, in full or in part, may be recovered from the applicant Voluntary Organisation due to a failure to honour one or more of the conditions stated in the Grant Agreement.

Recovery may also be applied in the case of underutilization/wrong utilization of the previously advanced 70%.

12.7 Data protection

All personal data contained in the grant agreement shall be processed in accordance with the Data Protection Act as per local legislation.

This data will be processed solely in connection with the implementation and evaluation of the Scheme, without prejudice to the possibility of transferring such data to the bodies responsible for inspection and audit appointed by the Ministry of Education, Education and the Family and/or the Ministry of Finance, through whom the funds for the Scheme are made available.
