8. How to develop a good project?

The 'Award criteria' table on page 6-8 lists the criteria against which the quality of a project will be assessed.

Here is some advice which may help you to develop a good project.

8.1 Quality of project design

a) Quality of the preparation phase

The preparation phase is of crucial importance for the success of a project. During this phase, the organisation should choose and commonly agree on a theme relevant to the organisation itself and to the local community. They should look at creating a well-structured programme of the activities by presenting a timetable, including working methods and the benefits of their project for the local community.

b) Quality of the activity programme

The activity programme should be linked to the objectives of the project, to the project outcomes and it should be clearly defined, realistic and balanced.

c) Quality of the marketing of the programme

The marketing programme should be linked to the activity programme and each activity should be communicated to the target population of the project and the Maltese general public (if possible). The disclaimer of the project should be included on all project material stating *“This project is funded through the Voluntary Organisations Project Scheme managed by the Malta Council for the Voluntary Sector on behalf of the Ministry for Education and Employment”*.

d) Quality of project content and methodology

- **Theme of the project**

The project should have a clearly identified theme and should reflect the interests and needs of participants. Some examples of potential project themes are art and culture, social exclusion, environment, heritage protection, youth information, European awareness, rural/urban development, health in the community, anti-racism/xenophobia, disability, support for the elderly, homelessness, migrants, equal opportunities, peer education, unemployment, sports, leisure, media and communications, etc. The theme has to be translated into the concrete activities/outcomes.

- **Innovative creativity and entrepreneurship**

Within the context of the VOPS, the accent is put on promotion of innovative elements in the project. The project should aim at introducing, implementing and promoting innovative approaches. These innovative aspects may be related to the contents and objectives of the activity, the involvement of promoters from different backgrounds, creative and unexplored way of solving problems related to the community, experimentation with new methodologies and project formats or dissemination of the project results.

- **Active involvement of participants in the project**

The activity programme and working methods should aim to have an impact on the members of the organisation and on the Maltese community. The project should engage the active involvement of the members of the organisation and Maltese citizens possibly identified as target population of the activity. Participants should also be actively involved in the preparation and evaluation phases of the project as one of the project outcomes.

e) Quality of project reach

- **Impact, multiplier effect and follow-up**

The impact of VOPS should not be limited to the participants in the activity. Applicants should, as much as possible, involve other people (from the neighbourhood, local area, etc.) in the Activity.

- **Visibility of the project visibility of Voluntary Organisation Project Scheme**

Promoters should reflect together on measures aimed at enhancing the visibility of their project and the visibility of the VOPS. This measure is also linked to the marketing action of each activity in Annex 2. The creativity of applicants in offering additional potential whilst disseminating information about the planned activity, and the opportunities offered by the VOPS will be highly scored in the evaluation process. Visibility measures mainly occur before and during the implementation of the initiative. Such measures can be divided into two broad categories:

- **Visibility of the project**

Beneficiaries and participants should 'publicize' the project - as well as its aims and objectives. In order to raise awareness of the project, the beneficiary could for example develop information material; send a mail shot or SMS mailing; prepare posters,

stickers, promotional items (t-shirts, caps, pens, etc.); invite journalists to observe; issue 'press releases' or write articles for local papers, develop websites or newsletters; engage in social network activities such as creating a Facebook page; create an e-group, a web space, a photo-gallery or blog on the Internet.

- **Visibility of the Voluntary Organisations Project Scheme**
The compulsory use of the official logo of the VOPs should be included in all of the project material used for communication purposes (internal and external). The communication objectives should include a description of the multiplier effect of the Voluntary Organisations Project Scheme on the Maltese society, whilst also outlining the opportunities offered through the Scheme.

PART C - INFORMATION FOR APPLICANTS

All applicants who intend to submit a project in order to be considered for financial support from the Voluntary Organisations Project Scheme are invited to read carefully this section.

9. What do you have to do in order to submit a Voluntary Organisations Project Scheme?

To submit a project proposal under the VOPS you must perform the following three steps:

1. Check that your project complies with the Scheme criteria.
2. Check that you present an accurate budget proposal.
3. Fill in and submit your e-application form without leaving any missing Annexes that are required.

9.1 Check compliance with the Scheme criteria

As applicant and potential beneficiary, you must verify and ensure that your project meets; the eligibility, it does not include any exclusion criteria, it is aligned to the selection criteria and outlines the award criteria.

a) Eligibility criteria

The eligibility criteria relate to the project type, the target group and the conditions for submitting a grant request under the VOPS. If your project does not meet the eligibility criteria, it will be rejected without being further evaluated (as stated in Annex III – Eligibility Criteria/Marking Scheme). To be deemed eligible, your project must meet all the eligibility criteria. For details of the eligibility criteria please consult Part B of this Guide.

b) Exclusion criteria

Applicants will be excluded from participating in the VOPS if they are in any of the following situations:

- They are bankrupt or being wound up.
- They are having their affairs administered by the courts, and/or are having entered into an arrangement with creditors, and/or have suspended business activities, and/or are the subject of proceedings concerning those matters, and/or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations.
- They are under investigation by the Commissioner for Voluntary Organisations.

- They have not submitted their financial returns to the Commissioner for Voluntary Organisations according to LN 379 of 2012.

- They are following another procurement disciplinary procedure or grant award procedure financed by the Ministry for Education and Employment as well as the Malta Council for the Voluntary Sector or any other Government Agency; they have been declared to be in serious breach of contract for failure to comply with their contractual obligations.

Applicants will not be granted financial assistance if, on the date of the signing of the grant award, they:

- Are subject to a conflict of interests.
- Are guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in the grant award procedure, or fail to supply this information.

These exclusion criteria apply to VOP Scheme. To comply with these provisions, applicants must sign a 'declaration of honour' certifying that they are not in any of the situations mentioned above. This 'declaration of honour' constitutes a specific section of the e-application form.

c) Selection criteria

The selection criteria enable the Voluntary Organisations Project Evaluation Committee to assess the applicant's financial and operational capacity to complete the proposed project.

d) Financial capacity

This means that the applicant has stable and sufficient sources of funding, to maintain its activity throughout the project.

The applicant must submit with the e-application:

- A copy of the financial statements for the last closed financial year for which accounts have been closed as presented to the Commissioner for the Voluntary Organisations.

If, on the basis of these documents, the Evaluation Board concludes that the required financial documentation has not been provided or is not satisfactory, then they may:

- Ask for further information and/or documentation.
- Reject the e-application.

e) Operational capacity

This means that the applicant must show that it has the necessary people, skills competencies and motivation to complete the project. This constitutes a specific section of the e-application form.

f) Award criteria

The award criteria are indicators/outcomes that allow the Evaluation Board to evaluate the quality of projects submitted for grants. On the basis of these criteria, grants will be awarded to those projects which are maximizing and aligned to the overarching objectives of the VOPS.

The award criteria indicated in Part B of these Guidelines describe exactly which elements will be taken into consideration in order to assess the quality of the project.

9.2 Check the financial conditions

a) Types of grant

The grant under the VOPS is of a lump sum (fixed amounts) approach. The amount granted (contracted grant) is equivalent to a maximum of the 80% of the total amount of the project and shall not exceed the maximum amounts stated in section 3.4 of these guidelines. 40% of the contracted grant will be given to the beneficiary on the signing of the agreement, 40% will be given on the submission and verification of a satisfactory interim report and the final balance of 20% will be given to the beneficiary on closure of the project with submission of a satisfactory final report, and after verification of receipts of declared expenditure and other relevant documentation is verified.

b) Co-financing

The VOPS grant shall finance 80% of the project costs to the maximum indicated in Article 3.2 and 3.4 of these guidelines. Should the total cost of the project exceed the 100% amount as indicated in Article 3.4 of these guidelines the applicant may complement the sum granted through the voluntary organisation's own financial resources or by seeking private assistance.

Contributions in kind are considered an eligible source of co-financing. The value calculated for such contributions must not exceed:

- The costs actually borne and duly supported by accounting documents of the third parties who made these contributions to the beneficiary free of charge but bear the corresponding costs.
- The costs generally accepted on the market in question for the type of contribution concerned when no costs are borne.

c) No double-financing

A project supported under the VOPS Scheme may not be in receipt of any other Government or European Union funding.

To avoid the risk of double-financing, the applicant must indicate in the relevant section of the e-application form, the sources and the amounts of any other funding received or applied for in the same financial year.

9.3 Fill in and submit the e-application form

Once the e-application form is submitted online, it is forwarded to the Voluntary Organisations Project Evaluation Committee.

In case of a group of Voluntary Organisations collaborating and consequently presenting one e-application form for a project, it is important that the e-application form outlines the leading Voluntary Organisation which has the role of the coordinator. The e-application is then forwarded to the Voluntary Organisations Project Evaluation Committee for the whole project on behalf of all the Voluntary Organisations. If the e-application is positively assessed and selected, the applicant established as coordinator will be the beneficiary of a single grant agreement proposed by the VOPS for the funding of the project.

Any Voluntary Organization can apply as project coordinator or project partner in ONLY one project e-application per yearly deadline.

a) E-application procedure

The eligibility criteria to be met regarding the procedure to be followed for the submission of a project are described in Part B of this Guide. Furthermore, the applicants must respect the provisions described below.

An e-application will be accepted only if:

1. Submitted via the correct e-application form which is completed in full.
2. It shows a budget in conformity with these Guidelines.
3. It is accompanied by all the requested additional documentation.
4. It is delivered by the stipulated deadline.

Please note that not more than one project can be submitted by the same applicant organisation.

b) Use the official e-application form

E-applications must be submitted only online through the following link:
www.vofunding.org.mt

c) Provide proof of your legal status

The **successful** applicants must be in enrolled and compliant with the Commissioner for the Voluntary Organisations.

d) Estimated budget

E-applications must include a detailed estimated budget (included in the e-application form) in which all prices are given in Euro (€).

Any e-application which exceeds the maximum limits will not be automatically excluded but will be scaled down within the limits set by the Guidelines.

No changes can be made after the e-application has been submitted.

10. What happens once the e-application is submitted?

All e-applications received by the Voluntary Organisations Project Evaluation Committee will undergo a selection procedure.

10.1 The selection procedure

The selection of e-applications is as follows:

1. All e-applications are checked against the eligibility criteria, the selection criteria and the exclusion criteria.
2. Those e-applications which have successfully passed these checks are evaluated by two independent external evaluators and ranked accordingly.
3. In case of a 15% or more variant between the final marks of the two External Evaluators, a third External Evaluator shall be asked to evaluate the project e-application.

The process is described in Annex III titled Evaluation Process.

10.2 Decision

Once the evaluation, including the verification of financial conditions, is completed, the Voluntary Organisations Project Evaluation Committee will publish a ranking list in order of final mark of each project according to the final marks issued by the External Evaluators.

The Voluntary Organisations Project Evaluation Committee shall endorse the final marks and prepare a ranking list. The Voluntary Organisations Project Evaluation Committee shall decide on the projects to be granted funding, based on the ranking list and the budget available. The Voluntary Organisations Project Evaluation Committee decision is final and indisputable.

10.3 Notification of award decisions

Applicants should, be notified in the outcome of the selection procedure during the first month after the e-application deadline.

All successful and unsuccessful applicants will be informed in writing. On termination of the e-application procedure the documents including the e-application form and the scoring documents will not be returned to the applicant.

11. What happens if your e-application is approved?

11.1 Grant agreement

In the event of definitive approval by the Voluntary Organisations Project Evaluation Committee, a grant agreement is drawn up between the Ministry for Education and Employment and the beneficiary. The agreement is drawn up in € (Euros) and details the conditions and funding amount. The grant decision is a unilateral act awarding a subsidy to a beneficiary.

For projects approved by the Voluntary Organisations Project Evaluation Committee, it is intended that beneficiaries should receive the agreements for signature by the 31st May 2018. This agreement must be signed and returned to the Malta Council for the Voluntary Sector on behalf of the Ministry for Education and Employment where the latter will be the last party to sign.

11.2 Grant amount

Acceptance of an e-application does not necessarily constitute an undertaking to award funding equal to the amount requested by the applicant (this funding could be reduced).

The awarding of a grant does not establish an entitlement for subsequent years.

It should be noted that the grant amount foreseen by the agreement is to be considered as a maximum which cannot be increased in any circumstances.

Furthermore, the amount allocated may not exceed the amount requested.

11.3 Eligible costs

In order to be eligible under this VOPS, costs must:

- Be necessary for the implementation of the project.
- Be included in the provisional budget attached to the agreement.
- Be consistent with the principles of sound financial management, in terms of value for money and cost-effectiveness.
- Be incurred during the lifetime of the project as defined in the agreement.
- Be truly and actually incurred by the beneficiary.
- Be recorded in the beneficiary's accounts in accordance with applicable accounting principles.
- Be deposited in a standalone account.
- Be declared in accordance with the requirements of the applicable tax and social security legislation.
- Be identifiable and verifiable, and be backed up by original supporting documents.
- Be innovative and not a repeat of previously approved projects by the same organisation.

11.3.1 Eligible direct costs

Eligible direct costs are costs which, with due regard for the conditions of eligibility set out above, are identifiable as specific costs directly linked to the performance of the project and which can therefore be booked to it directly. The following are the parameters to follow whilst preparing the costs for the VOPS project:

- Staff costs are eligible but are limited to a maximum of 15% of the allocated total direct cost.
- Infrastructural costs are eligible but are limited to a maximum of 25% of the total allocated direct costs.
- Hospitality (catering) costs are eligible but are limited to a maximum of the following ceilings:
 1. Up to 10% of the allocated total direct cost if the funds approved are up to €10,000.00;
 2. Up to 5% of the allocated total direct cost if the funds approved are between €10,001.00 up to €40,000.00;
 3. Up to 3% of the allocated total direct cost if the funds approved are between €40,001.00 up to €60,000.00.
- Marketing costs are eligible but are limited to a maximum of 5% of the allocated total direct cost.

Important to note that if Budget parameters are not respected throughout the e-application form the project will not be deemed eligible in the final ranking list.

11.3.2 Eligible indirect costs (administrative costs)

A flat rate amount not exceeding 5% of the eligible direct costs of the project is eligible under indirect costs, representing the beneficiary's general administrative costs which can be regarded as chargeable to the project such as postage, photocopying etc. Indirect costs may not include costs already entered under another budget heading.

11.4 Payment procedures

a) Procedure with one pre-financing installment

The projects supported under the VOPS will be subject to a payment procedure consisting of one pre-financing payment, an interim payment and a final payment/recovery of the balance due, as described below:

b) Pre-financing payment

A pre-financing payment of 40% will be transferred to the beneficiary within 30 days of the date when the last of the two parties signs the agreement. Pre-financing is intended to provide the beneficiary with a float.

c) Interim payment

An interim payment of 40% will be transferred to the beneficiary within 30 days of the date of the satisfactory delivery of the interim report. The report shall be presented in a typed format either in soft or hard copy.

d) Payment or recovery of the balance

1. The amount of the final payment to be made to the beneficiary will be established on the basis of a final report to be submitted within one month following the end date of the project. The report shall be presented in a typed format either in soft or hard copy.
2. The beneficiary must provide documents giving evidence that the activities organised with the support of the VOPS funding effectively took place. These shall include:
 - i. A final report on the implementation of the project.
 - ii. A final detailed financial statement of eligible costs actually incurred, following the structure of the estimated budget, which justifies the funding requested expressed as a percentage of the eligible costs actually incurred.
 - iii. A full summary statement of the actual receipts and expenditure of the project.
 - iv. Full justification of the costs incurred (including quotations where applicable), original invoices, cash sales and VAT receipts.
 - v. Achievements to be described in final report.
3. If the eligible costs actually incurred by the beneficiary during the project are lower than the pre-financing payment, the beneficiary will be required to refund excess amounts already transferred under the pre-financing payments.

12. Other main contractual provisions

12.1 Non retroactivity

1. No grant may be awarded retrospectively for projects already completed.
2. Expenditure eligible for financing may not have been incurred prior to the date of commencement of the project in the e-application form.
3. A grant may be awarded for a project which has already begun following the publication of the results and only where the applicant can demonstrate the need to start the project before the agreement has been signed.
4. Starting the project before signing the grant agreement is done at the risk of the beneficiary.

12.2 Finance, Sub-contracting and award of procurement contract

1. In all cases beneficiaries shall abide fully with Public Procurement Regulations.
2. In all cases the beneficiaries are obliged to allocate a specific bank account solely for the use of the grant award.
3. In those cases where the implementation of the project requires sub-contracting or the award of procurement contracts, beneficiaries of grants shall award the contract to the tender offering best value for money, that is to say, to the tender offering the best price-quality ratio, while taking care to avoid any conflict of interest.
4. In those cases where the implementation of the project requires the engagement of personnel external to the voluntary organisation, the remuneration/salary package shall be pegged to the salary scales as issued by the Ministry of Finance, referred to Schedule of Grades, for 2018.

When undergoing the project under the VOPS, beneficiaries must abide with the below procurement thresholds and relevant requirements so as to guarantee transparency and accountability:

Grants awarded in the course of a financial year must be published on the website of the Malta Council for the Voluntary Sector during the first half of the year following the closure of the financial year for which they were awarded. The

information may also be published in any other appropriate medium. The Malta Council for the Voluntary Sector will publish the following information:

- Name and address of the beneficiary.
- Purpose of the grant.
- Amount awarded and rate of funding.

12.4 Publicity

Apart from the measures foreseen for the visibility of the project and for the dissemination and exploitation of its results (which are award criteria), there is an obligation of minimal publicity for each granted project. Beneficiaries must clearly acknowledge the Ministry for Education and Employment, the Malta Council for the Voluntary Sector and the VOPS in all communications or publications, in whatever form or whatever medium, including the Internet, or on the occasion of activities for which the grant is used.

This must be done according to the following instructions:

1. Use of the Ministry for Social Dialogue, Consumer Affairs and Civil Liberties, the Malta Council for the Voluntary Sector and of VOPS logos (as shown in the image below).
2. Use of disclaimer stating the following: *“This project is funded through the Voluntary Organisations Project Scheme managed by the Malta Council for the Voluntary Sector on behalf of the Ministry for Education and Employment”*. The font Arial must be used when quoting this sentence.

Beneficiaries are to use the official logos of the Ministry for Education and Employment, the Malta Council for the Voluntary Sector(MCVS) and of VOPS and any other publicity material such as credits and disclaimers as per Marketing Guidelines published by MCVS.

If these provisions are not fully complied with, the beneficiary’s grant may be reduced.

12.5 Audits and monitoring

A granted project may be subject to monitoring visits. The beneficiary will undertake, with the signature of its legal representative, to provide proof that the grant has been used correctly. The Malta Council for the Voluntary Sector on behalf of the Ministry for Education and Employment may itself check or appoint an authorised delegate to audit the implementation procedures of the grant at any time during the term of the agreement. Such audits may be carried out up to 24 months from the date of the signing of the Grant Agreement. Consequently all documentation pertaining to this project including copies of invoices and fiscal

receipts (VAT) should be retained for audit purposes. Original of invoices and fiscal receipts (VAT) shall be submitted to MCVS with the final report.

12.6 Recovery of Funds

The audit conclusions may necessitate that the Grant Award, in full or in part, be recovered from the applicant Voluntary Organisation due to a failure to honour one or more of the conditions stated in the Grant Agreement.

Recovery may also be applied in the case of underutilization/wrong utilization of the previously advanced funds.

12.7 Data protection

All personal data contained in the e-application forms and grant agreement shall be processed in accordance with the Data Protection Act as per local legislation.

This data will be processed solely in connection with the implementation and evaluation of the VOPS, without prejudice to the possibility of transferring such data to the bodies responsible for inspection and audit appointed by the Ministry for Social Dialogue, Consumer Affairs and Civil Liberties and/or the Ministry of Finance, through whom the funds for the VOP Scheme are made available.
