Need help organising a successful activity?

As part of its commitment to help the voluntary sector, the Malta Council for the Voluntary Sector intends to assist voluntary organisations which are finding it a challenge to find enough volunteers to help them during their events and activities.

Voluntiera Malta – a local volunteering programme managed by MCVS, aims to support voluntary organisations with extra help during any events they're organising. The programme's purpose is to mobilise active citizens and build a large network of people from all sectors who are interested in volunteering. Therefore, if your VO is organising a fundraiser, a conference, workshop etc., MCVS can provide you with volunteers who form part of the Voluntiera Malta team to assist you on the day of the event.
