Helping young people with a disability work in VOs

MCVS and Aġenzija Support signed an agreement to collaborate on a new initiative under the Youth Engage Scheme, which is part of the Youth Volunteer Service by MCVS. Through this agreement, young persons with a disability will be able to improve their career prospects through hands-on practical work in voluntary organisations. This initiative also helps participating young people to be included and integrated better in society and provides them with opportunities to learn new skills. Read more **HERE**.

FIRST AID COURSES

...Supporting VOs
in the community!
