

#REVIVE - “Revealing European Values In Volunteering in Europe”

Agenda

Date: 16th September 2023

Venue: The Notch, Urban Valley, San Gwann

The Malta Council for the Voluntary Sector, in collaboration with the CEV (Centre for European Volunteering) is organising a seminar on Inclusive Volunteering.

Inclusive volunteering can be defined as the opportunity for all people, regardless of age, disability, gender, culture, sexual orientation, ethnicity, religion, or social status, to volunteer and provide insight to the needs, actions, and aims of every community.

During this seminar, we will be discussing inclusive volunteering with all its challenges and strengths, while also evaluating the barriers that exist when trying to create an inclusive volunteering culture.

Additionally, we will be hosting the VOPS info session for those applicants wishing to participate in the 2024 funding line. An MCVS representative will be highlighting the newly added **Action 4** which will be specifically related to projects concerning health and disability.
