

#CreativeEurope

STARTING THE YEAR WITH A BANG!

The Creative Europe Desk Office has been buzzing with activity in the first quarter of the new year, with a number of varied events taking place: from a motivating **Successful Stories Webinar** taking place on 30th January, 2024, with cultural and audiovisual artists who have benefitted from Creative Europe funds sharing their positive experiences, to two sessions dedicated to the Media Strand: an information session **Delving into Content** (5th February, 2024) and a **Capacity Building Session on Pitching and Packaging** led by Stefano Tealdi on 9th March, 2024. The response to all the events was truly heart warming, giving us the fuel to bring Creative Europe ever closer to you!

CONNECTING CREATIVELY THROUGH THE PERFORMING ARTS

The focus of the **10th Annual Conference of the School of Performing Arts**, in collaboration with **Creative Europe Desk Malta**, held between **20-22 March 2024**, was on Connecting Creatively Through the Performing Arts. Creative connections are of paramount importance in pushing the boundaries of artistic expression for the creator, performer and witness. Connectivity uncovers a multitude of possibilities. During the duration of this conference, participants were given the space to encounter, recount and explore sources of motivation and collaboration from a physical and theoretical point of view, through a varied programme which targeted different facets of the arts sector.

SUPPORTING CULTURAL EVENTS AND STUDENTS

Creative Europe Desk Malta has supported Mużika Mużika, the festival which celebrates the Maltese language and artists through the Maltese song in a variety of genres, as well as the KSU Fest Toy Storey. The latter supported up-and-coming creatives, following the belief that the nurturing of creatives locally will encourage them to broaden their horizons and collaborate with other countries in the future, and in doing so: enriching their art.

SUPPORTING CULTURAL EVENTS AND STUDENTS

DESTINATION GOZO!

Creative Europe Desk Malta will be going to Gozo on 19th April, 2024. Why? To meet creative and cultural practitioners residing there! So if this resonates with you, get in touch and set your appointment today!
