GUIDELINES

2025

Guidelines

1. Aim

The aim of this fund is two-fold:

- a. promoting volunteering across local communities, and
- b. fostering a culture of inclusion.

This scheme is designed to assist Applicants with the implementation of a project /initiative to build stronger communities for everyone in society to thrive.

This should focus on the involvement of young men and women, adults, senior citizens and/or disabled people to come together for a project / initiative that addresses either the National Disability Strategy or the National Strategy for Volunteering, and in so doing, make a real difference to the local community.

2. Eligible applicants

- a) The Applicant must be a Voluntary Organisation which is enrolled and compliant with the Commissioner for Voluntary Organisations by the deadline of the submission of the e-applications;
- b) The project should be innovative and not a repeat of previously approved projects either by the same organisation or any other government funding body. E.g. The installation of an audiovisual system for live streaming of activities, or the purchase of other equipment, is considered as one project and top-ups to it are not eligible through this scheme;
- c) Registered Voluntary Organisations who currently have an active Public Social Partnership (PSP) agreement with the Government of Malta are not eligible to apply under this Scheme.

3. Number of applications

A compliant Voluntary Organisation **may only submit one (1) application** in only one of the listed General Priorities by the given deadline.

4. Duration of project

Maximum of twelve (12) consecutive months from signing of agreement.

Guidelines

5. General Priorities for projects and initiatives

a) The Applications must address either:

- i. Malta's 2021-2030 National Strategy on the Rights of Disabled People

The key aim of this Strategy is to provide a roadmap for the Maltese disability sector leading up to 2030, the target year for achievement of the UN's Sustainable Development Goals. To this effect, this Strategy covers different fields that in one way or another, directly or indirectly have a ripple effect on disability. A set of 13 cross-cutting Objectives were developed. One important element to highlight, although mentioned again in certain specific Actions within this Strategy, is the Convention's underpinning principle of 'Nothing About Us, Without Us'. No action, no matter how large or small, can be performed appropriately, or could have any legitimacy, if it is not designed by and for disabled people, and with them at the very core of the steps resulting from such work.

Applicants are to clearly outline how their project/initiative adheres to and contributes to the implementation of the National Strategy on the Rights of Disabled People.

This Strategy is accessible by clicking on this link - [Malta's 2021-2030 National Strategy on the Rights of Disabled Persons \(EN\)](#).

- ii. National Strategy for Volunteering 2020 – 2025

The National Strategy stands on three pillars: community reality, national framework, and government policies. This is aimed at strengthening the volunteering sector through capacity building, partnerships and recognition, and encouraging the involvement of civil society in an inclusive manner, promoting equal opportunities and active citizenship and strengthening inter-sectoral ties, all of which reflect the strategic objectives.

Applicants are to clearly outline how their project/initiative adheres to and contributes to the implementation of the National Strategy for Volunteering 2020-2025.

This Strategy is accessible by clicking on this link - [National Strategy for Volunteering 2020 – 2025 \(EN\)](#).

Guidelines

- b) Project proposals are to be based on one of the following categories:
- i. Awareness projects and/or initiatives with the involvement of Disabled People / Children / Young men and women / Adults / Senior Citizens
 - ii. Participatory projects and/or initiatives with the involvement of Disabled People / Children / Young men and women/ Adults / Senior Citizens
 - iii. Education / Learning initiatives with the involvement of Disabled People / Children / Young men and women/ Adults / Senior Citizens
- c) All proposals submitted must be aligned with **at least one (1) objective contained within one of the two strategies**. Specific reference to the objective being addressed by the project/initiative should be made in the proposal.
- d) Applications addressing any additional objectives will be allocated additional marks at the evaluation stage.

6. Exclusion criteria

- a) The project proposal is or has been granted through another EU / National fund.
- b) The project / initiative is purely a fundraising event.
- c) If the organisation proposes the same project as in previous years, or a recycled project that has been funded through other funds, it will be automatically considered ineligible, as per clause 2(b).
- d) Does not observe any of the eligible criteria.

7. Selection criteria

The selection criteria enable the Evaluation Board to assess the applicant's financial and operational capacity to complete the proposed project.

- a) Financial capacity** – This means that the applicant has stable and sufficient sources of funding, to maintain its activity throughout the project. The Board will consult with the Office of the Commissioner for Voluntary Organisations (OCVO) regarding the latest financial returns submitted prior to the opening of the call.

If, based on the above, the Applicant is not considered compliant by the OCVO, the Evaluation Board shall reject the application.

- b) **Operational capacity** – This means that the applicant must show that it has the necessary people, skills, competencies and motivation to complete the project. This constitutes a specific section of the e-application form.
- c) **Timeliness** – This means that the applicant must submit a forecast implementation plan of the project including preparation (as well as any required permits), actual implementation, marketing and closing of project across a twelve-month (12) period from signing of Grant Agreement.
- d) **Permits for infrastructural projects** – The applicant shall declare whether any planning permits are required for the successful implementation of the project. Should any planning permits be required, the applicant shall produce an endorsement letter from the Commission for the Rights of Persons with Disability (CRPD) stating that it does not object to the project as presented and that it is accessible to all.

In the absence of CRPD's endorsement, the applicants ought to apply to the Commission's Test of Reasonableness Board (TORB) before applying for the funds.

8. Award criteria

The award criteria are indicators that allow the Evaluation Board to evaluate the quality of projects and/or initiatives submitted for grants. Based on these criteria, grants will be awarded to those projects and/or initiatives which are aligned to and maximising the overarching objectives of the Scheme.

The award criteria indicated in Annex 1 of these Guidelines describe exactly which elements will be taken into consideration to assess the quality of the project.

- d) If the Evaluation Board accepts a project proposal, it is allocated fifty percent (50%) of the total expenses approved for the project proposal, prior to its commencement.

- g) The remaining fifty percent (50%) shall be transferred after the Evaluation Board decides that the criteria in Article 10 (e) above are fulfilled.

Guidelines

- h) If the project proposal is not implemented according to the guidelines provided by the Evaluation Board, a recovery of the 50% pre-financing amount shall be effected.
